The enclosed paper is for [REDACTED] and others at [REDACTED] who may be concerned with flight test program. I would appreciate comments on the paper and also think a meeting between LAC, [REDACTED] P & W, E.G. & G, and the [REDACTED] should be held fairly soon to begin action on planning for flight test program. Our ground rules are that in all phases of flight testing the work will be done by the appropriate parties and this is taken to mean that functions now performed by [REDACTED] and/or E.G. & G. Will continue to be performed by those organizations and that they will participate as appropriate in the flight test program in a way in which they can be most effective.

Unless it can be demonstrated by [REDACTED] that the interests of the program would be better served by having them supplant [REDACTED] and/or E. G. & G., they will have only a nominal role in the program.

Sincerely,

[REDACTED]
